

# KwikCOOL SAC25

Water cooled 'Split' portable air conditioning unit

## Description

The KwikCOOL SAC 25 is the most powerful water cooled 'Split' portable air conditioning unit available on the market today that operates from a standard 13 amp socket. There are two parts to the system, an internal room unit and an external heat exchanger, connected using flexible lines which can be extended to a length of 30 metres giving greater flexibility. The unit has an automatic thermostat, capable of operating down to a temperature of 8°C. Can be used in conjunction with the "Easy-Dock" docking station.

## Typical applications

- Data Centres
- Offices
- Retail Outlets
